Color Confidence Tim Grey 2006-12-26 "Color Confidence is one book that no photographer, especially me, can afford to be without!" Art Morris, Photographer (www.birdsasart.com)

Establishing a successful color management workflow that produces predictable results is an important -- yet tricky -- undertaking. Most photographers are all too familiar with the frustration of a print not matching the image on the monitor. In Color Confidence, digital imaging expert Tim Grey provides the crucial information you need to get the color you want, every time. His results-oriented guide shows you how to manage color effectively across all devices. He demystifies complicated topics and takes you through each component of a color-managed workflow step-by-step. Designed for busy photographers, this full-color guide cuts through the theory, focusing on

the practical information you need to make the best color decisions from capture to output.

Yosemite & the Eastern Sierra Peter Beren 2004 In the tradition of California the Beautiful, Galen Rowell's best-selling celebration of the natural beauty of the Golden State, comes Yosemite & the Eastern Sierra, featuring stunning color images by outdoor photographer Gary Crabbe. Here is a fresh look at the wonders of Yosemite National Park (visited by more than three million people each year), as well as the lesser-known vistas of the pristine wilderness that adjoins the eastern slopes of the Sierra Nevada. From the first light of sunrise cascading above an alpine creek to the last glint of sunset reflected on the joyful serenade of a waterfall ballet at Horsetail Falls, the spirit of the land will nourish your soul. The accompanying text of this small but exquisitely printed volume speaks through the voices of our great nature writers, from Ansel Adams and Galen Rowell to Joan Didion, Wallace Stegner, and Mark Twain. This is the perfect gift for anyone who has ever marveled at the beauty of Yosemite National Park and the glorious gallery of the Eastern Sierra's natural wonders.

The Secrets to Creating Amazing Photos Marc Silber 2018-05-15 “This friendly book leads us clearly and gracefully from the basics to advanced techniques in photography composition . . . highly recommended.” —Brian Taylor, executive director, Center for Photographic Arts There’s a common misconception that composition is mysterious and that only certain people have that natural gift for the techniques involved. The truth is that composition involves a set of skills that you can master. Just as you can use cookbook recipes to make your favorite meal—you don’t have to be a famous French chef—you also can take amazing photos by just following a recipe! Marc Silber has spent years studying the works of masters and interviewing some of the biggest names in photography. The Secrets to Creating Amazing Photos puts at your fingertips ideas for improving your skills by giving you easy-to-follow “recipes” that will improve your photography right now! Composition is one of the biggest keys to creating photos that others will love. No matter what kind of camera or smartphone you’re using, you can take your photography to the next level and beyond by learning composition tools and secrets known to the masters of the art. With this handy guide, you can flip to the look you want on the spot and follow the recipe for creating an image that inspires you. Use it when you’re out photographing to get new ideas and inspiration. “Buy it, read it and then apply what you have learnt from this superb new book . . . This is a complete must-have, a veritable cornucopia of wisdom gained over decades of experience.” —Gray Levett, editor of Nikon Owner magazine
