By putting PMP concepts into context, you'll be able to understand, remember, and apply them -- not just on the exam, but on the job. No wonder so many people have used Head First PMP as their sole source for passing the PMP exam. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

The PMP Exam Quick Reference Guide Andy Crowe 2020-11-22 A quick reference guide for the PMP Exam, this sturdy, laminated card accompanies The PMP Exam: How To Pass On Your First Try, 6th + Agile Edition. Highlighting key agile concepts and terms, this guide is updated for the Jan 2021 PMP Exam. Presenting all 49 processes along with the key inputs, tools, and outputs, this helpful tool also depicts techniques, tables, and graphs to highlight the most important information at a glance. Common formulas are organized for rapid look-up, bringing relevant information for the PMP Exam together in one resource.

CAPM® in Depth Paul Sanghera 2018-07-03 Use this study guide to prepare for the Certified Associate in Project Management (CAPM) exam, based on PMBOK's sixth edition, administered by the Project Management Institute (PMI). The revised and updated second edition of the best-selling CAPM in Depth has a laser-sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most CAPM exam books, this book is not just an exam-cram book. It is an easy-to-understand guide that is a valuable reference both before and after the exam. What You'll Learn Understand the body of knowledge required to earn the Certified Associate in Project Management (CAPM) certification Acquire the knowledge needed to successfully manage projects in any field Who This Book Is For Project management practitioners preparing for the CAPM exam, entry-level project managers and project team members preparing for the CAPM exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, instructors and trainers who need a textbook for a course on project management

PgMP: Program Management Professional Exam Study Guide Paul Sanghera 2007-12-26

New Project Management Professional (Pmp) Guaranteed Adam Ding 2018-10-20 NEW!!! JUST UPDATED WITH THE NEW PMBOK 6TH EDITION! Written by an experienced PMP who also authored some of the Amazon most popular best-selling books, this highly-popular manual provides: 1. Comprehensive yet concise coverage of new PMP exam content (3 chapters of New PM framework] 10 knowledge areas + 1 Ethics/Professional Conduct = 14 chapters) 2. Adequate practice questions for each PM process (5 per process x 49 new processes + 50 for first 3 new chapters + 5 per chapter x next 10 chapters = about 350 Questions, meticulously written to cover every single page of the new PMBOK 6th Edition) 3. Detailed answers for every question in the book with

explanations and page-by-page reference to the new PMBOK 6th Edition4. Exclusive PMP exam day tips 5. Easy-to-follow tutorials on PM Process Groups, CPM, EVM and FPIF6. Links to 5+ online mock exams7. Special coverage of 3 new PM processes and new concepts such as project manager's role, agile development, manage project knowledge etc. Presented in a straight-forward, to-the-point, and "no-nonsense" format, this book is written to cover just what you need to know for the exam. With around 350 practice problems and detailed explanations, you should be able to pass the exam confidently! P.S. Author's advice on how to use this book for exam cram (Included in preface) "Step 1: Read through the 1st chapter of your new PMBOK 6th Edition Step 2: Read the 1st chapter of my book. Yes, it is a quick summary of the same thing. But I pinpoint what you need to pay attention to, because these will most likely be on the real exam. Step 3: Make sure you do the practice questions. Step 4: Check answer key and explanations. Each answer key also refers to the specific sections of your new PMBOK 6th Edition by page number. Step 5: Now repeat the steps 1-4 for every chapter. Ensure you have a big-picture view about the materials in each chapter. Also review the PM process map on P25 of your new PMBOK 6th Edition whenever you are done with a chapter. Step 6: When you finish all chapters, you would have a good view of all 10 knowledge areas. Now memorize the PM process map on P25 of your new PMBOKLet's review: the above steps should take you no more than 5 days even if you have only 2 hours each day. For some people it's possible to finish the materials during a weekend cram or study non-stop for a whole day (no more than $8 \times 2 = 16$ hours) Step 7: Now start mock exams. At the end of this book it provides Internet links to at least 5 online mock exams. Review the PM process map every time before you do the mock exam. How many exams you want to do is totally up to you. Always spend at least one hour to review each mock exam against new PMBOK 6th Edition. Step 8: Take a break (maybe one day or sleep one hour if you haven't done so for the past 24 hours) before the exam if necessary. Then you are ready!"***ADDITIONAL SUGGESTION: If you want to get some "hands-on" fun for PMBOK 6th Edition, you can purchase our unique sister book as a companion: "Project Management Jumpstart with Microsoft Project," also available from Amazon. Do a simple search on Amazon.com. Enjoy both books!***

Pmp Exam Prep Simplified Andrew Ramdayal 2018-02-19 Passing the PMP Exam is no easy task, but this book can make it a lot simpler. This book contains over 500 exam like questions, full-length mock exam, and exam tips. The hot topics sections of Critical Path and Earned Value Management is well explained and will get you passing the exam on your first try. This study guide is for the PMP exam based on the PMBOK Guide 6th edition.

Head First PMP Jennifer Greene 2007 Media Reviews "I have been doing project management for over 30 years and am considered a subject matter expert in the PMBOK(r) Guide -Third Edition primarily because I am the Project Manager who led the team that developed this edition. As a consultant I was hired to review and evaluate eight of the top selling PMP Exam Preparation books for their accuracy in following the PMBOK® Guide - Third Edition. I have developed and taught a PMP Exam Prep course for a leading R.E.P., and taught PMP Exam preparation classes for PMI Chapters. I can honestly say that Head First PMP is by far the best PMP Exam Preparation book of all I have reviewed in depth. It is the very best basic education and training book that I have read that presents the processes for managing a project, which makes it a great resource for a basic project management class for beginners as well as a tool for practitioners who want to pass the PMP exam. The graphical story format is unique, as project management books go, which makes it both fun and easy to read while driving home the basics that are necessary for preparing someone is just getting started and those who want to take the exam." --Dennis Bolles, PMP DLB Associates, LLC and co-author of The Power of Enterprise-Wide Project Management "This looks like too much fun to be a PMP study guide! Behind the quirky humor and nutty graphics lies an excellent explanation of the project management processes. Not only will this book make it easier to pass the exam, you'll learn a lot of good stuff to use on the job too." --Carol Steuer, PMP and PMBOK(r) Guide, 3rd Edition Leadership Team "This is the best thing to happen to PMP since, well, ever. You'll laugh, learn, pass the exam, and become a better project manager all at the same time." -- Scott Berkun, author of The Art of Project Management and The Myths of Innovation "Original, fresh, and fun... this is truly the perfect study companion for anyone aiming for PMP certification." --Teresa Simmermacher, PMP and Project Manager at Avanade "I love this format! Head First PMP covers everything you need to know to pass your PMP exam. The sound-bite format combined with the whimsical images turns a dry subject into entertainment. The organization starts with the basics then drills into the details. The in-depth coverage of complex topics like Earned Value and Quality Control are presented in an easy to understand format with descriptions, pictures, and examples. This book will not only help you pass the PMP, it should be used as a daily reference for practicing project managers. I sure wish I had this when I was studying for the exam." --Mike Jenkins, PMP, MBA "I think that under the fonts and formalized goofiness, the book has a good heart (intending to cover basic principles in an honest way rather than just to pass the test). Head First PMP attempts to educate potential project managers instead of being a mere "how to pass the PMP exam" book filled with test taking tips. This is truly something which sets it apart from the other PMP certification exam books." --Jack Dahlgren, Project Management Consultant "Head First PMP is a great tool to help make sense of the Project Management Body of Knowledge for the everyday Project Manager." --Mark Poinelli, PMP About the Book A PMP certification is more than just passing a test. It means that you have the knowledge to solve most common project problems, and proves that you know your stuff. Once you're certified, your projects are more likely to succeed because you have the skills and knowledge to make them successful. Not only that, it can mean a better job, more money, and greater respect from your peers. But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. You want to remember everything that you're learning about project management, but your brain is working against you! Your brain craves novelty, and most PMP certification prep books are anything but novel. When you keep putting down a boring book instead of studying, it's because your brain doesn't think the information in it is worth learning. Your brain has more important stuff to think about, like how to keep you alive and out of danger-and it doesn't think that failing the PMP exam qualifies as life-threatening! So how do you trick your brain into thinking that your life does depend on learning everything you need to know to pass the PMP Exam? Head First PMP is the answer! Using the latest research in neurobiology, cognitive science and learning theory, Head First PMP has a visually rich format designed for the way your brain works-a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. Head First PMP offers 100% coverage of The PMBOK® Guide principles and certification objectives in a way that's engaging, not tedious. This book helps you prepare for the PMP certification exam with a unique method that goes beyond answers to specific questions and makes you think about the big picture of project management. By putting project management concepts into context, you will be able to understand, remember, and apply them-not just on the exam, but also on the job. With Head First PMP, you get the best of both worlds: a thorough and effective preparation guide for the PMP certification exam with hundreds of practice questions and exam strategies, along with puzzles, games, problems, exercises and the unique Head First approach that makes learning easy and entertaining. When you're done with Head First PMP, you'll know your stuff, you'll pass the exam, and you'll be able to bring everything you've learned to your job.

Head First PMP Jennifer Greene 2013-12-18 Now updated for the 2016 PMP exam Learn the latest principles and certification objectives in The PMBOK® Guide, (Fifth Version), in a unique and

inspiring way with Head First PMP. This book helps you prepare for the PMP certification exam using a visually rich format designed for the way your brain works. You'll find a full-length sample exam included inside the book. More than just proof of passing a test, a PMP certification means that you have the knowledge to solve most common project problems. But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. Drawing on the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK Guide, Fifth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Head First PMP puts project management principles into context to help you understand, remember, and apply them—not just on the exam, but also on the job.

PMP Exam Master Prep Scott Payne 2018-02-08

PMP® Exam In Depth, Second Edition Ph.D. Sanghera 2009 The primary purpose of this book is to help you pass the Project Management Professional (PMP) exam administered by the Project Management Institute (PMI). Because the book has a laser-sharp focus on the exam objectives, expert project managers who want to pass the PMP exam can use this book to ensure that they do not miss any objective. Yet this is not simply an exam-cram book. The chapters and the sections within each chapter are presented in a logical learning sequence: A topic and a chapter only depend upon the previously covered topics and chapters, and there is no hopping from topic to topic. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. No prior knowledge of project management is assumed. This facilitates stepwise learning, prevents confusion, and makes this book useful for anyone who wants to get up to speed quickly to learn the fundamentals of project management, pass the PMP exam, or both, even if they are new to the discipline of project management. A fulllength practice exam with fully explained answers is also included.

Project Management Professional (PMP) Certification Exam Prep Soheli Akhter 2013-09-01 These days, job competition is fierce; you need an extra edge in everything you do. The Project Management Professional (PMP) credential is critical to remaining current, marketable, and at the top of the list in the project management business. Soheli Akhter's easy-to-follow Project Management Professional (PMP) Certification Exam Prep covers everything you need to know to pass your exam. Soheli's book will get you those credentials in short order. His study guide is informative, covering exactly what you need to know, and organized in the perfect format for certification exam prep. His writing is clear and free of unnecessary bloviations that only clutter the studying process. After fourteen years in the field, including six years teaching a PMP exam boot camp, the author now offers his simple, clear approach to successfully passing your PMP and CAPM certification exams. The ultimate in exam prep is finally here. You cannot lose with Soheli's Project Management Professional (PMP) Certification Exam Prep.

PgMP Exam Cram Anand Vijayakumar PgMP, PMP, PMI-RMP, PMI-ACP 2021-07-08 The demand for competent program managers who can help organizations achieve their strategic objectives is growing, and holding this PgMP credential helps you demonstrate strong subject matter knowledge and expertise in this area and become an invaluable asset to any organization. While my previous book, the Program Management Professional (PgMP) Handbook, covered the concepts you need to understand to prepare for the PgMP exam, it did not include sample test questions that you could use to assess your preparedness for the exam itself. In order to succeed in the exam, practicing with good quality sample questions is vital. This book will help you: - Assess your readiness for the PgMP Exam - Test your understanding of the Program Management concepts that would be tested in the PgMP Exam - Practice with 400+ sample questions that vary in length, complexity, and topics to prepare you for the PgMP Exam - Review the key points you should remember from an exam perspective

Passing the PgMP® Exam Leithy Mohamed Leithy 2016-09-17 This book is developed to help you in passing the Program Management Professional Certification PgMP® Exam the first time. The book is created based on the "The Standard for Program Management - Third Edition" which is registered for PMI in 2013, I will call it here the Standard Guide. This book is a complementary work to the Standards Guide; it highlights many tips, helps you to remember many important standards graphically, and provides you the sense of the exam. The graphical representation of the idea that should be communicated, helped a lot to sell the idea and to assure the positive acceptance. Passing the PgMP® Exam the first time, can be achieved through a definition of a strong proven study plan, highlighting the areas that you should consider and hold in mind, finding easy ways to remember them, and paving the road to select the right answer, after understanding a lot to questions' tips. Furthermore, there are many tips and two set of exams; 170 questions each, with enough explanation for finding the right answer. This technique makes you more ready for the exam and more acquainted with the expected tricks. This book is different from others as it is the first to be created by an author who passed the PfMP®, PgMP® and PMP® Exams, so this author knows how to pass the different exams from the PMI the first time. This book is different from the others as it contains two sets of the complete exam. Thus, it reflects the flavor of the questions that you are going to see on the exam. Besides, it covers different examples of each type of the commonly found questions on the PgMP® Exam model; including the regular question, table question, and question set. As a program manager, your practical experience will help you a lot to pass the exam, and it is a critical success factor of your readiness to the exam. However, in this book, you will find a major support to orient you to the examination philosophy that you will face.

CompTIA Security+ Study Guide Mike Chapple 2021-01-27 Learn the key objectives and most crucial concepts covered by the Security+ Exam SY0-601 with this comprehensive and practical study guide The Eighth Edition of the CompTIA Security+ Study Guide Exam SY0-601 efficiently and comprehensively prepares you for the SY0-601 Exam. Project Management Professional (Pmp) Guaranteed Adam Ding 2014-08-19 ****THOROUGH COVERAGE OF THE NEW PMBOK 5TH EDITION**** Written by an experienced PMP who also authored some of the Amazon popular best-selling books, this highly-effective manual provides: 1. Comprehensive yet concise coverage of new PMP exam content (3 chapters of PM framework + 10 knowledge areas + 1 Ethics/Professional Conduct = 14 chapters) 2. Adequate practice questions for each PM process (5 per process x 47 processes + 60 for first 3 chapters + 5 per chapter x next 10 chapters, meticulously written to cover every single page of the new PMBOK) 3. Detailed answers for every question in the book with explanations and page-by-page reference to the new PMBOK 4. Exclusive PMP exam day tips 5. Easy-to-follow tutorials on CPM, EVM and FPIF6. Links to 4 online mock exams 7. Special coverage of 5 new PM processes and new concepts such as business value, agile method and stakeholder management etc. Presented in a straight-forward, to-the-point, and "no-nonsense" format, this book is written to cover just what you need to know for the exam. With around 350 practice problems and detailed explanations, you should be able to pass the exam confidently! Check the following Amazon page for more information on the author: <http://www.amazon.com/Adam-Ding/e/B001JS4Y5YP.S>. Author's advice on how to use this book for exam cram (Included in preface) "Step 1: Read through the 1st chapter of your new PMBOK Step 2: Read the 1st chapter of my book. Yes, it is a quick summary of the same thing. But I pinpoint what you need to pay attention to, because these will most likely be on the real exam. Step 3: Make sure you do the practice questions. Step 4: Check answer key and explanations. Each answer key also refers to the specific sections of your new PMBOK by page number. Step 5: Now repeat the steps 1-5 for every chapter. Ensure you have a big-picture view about the materials in each chapter. Also review the PM process map on P61 of your new PMBOK whenever you are done with a chapter. Step 6: When you finish all chapters, you would have a good view of all 10 knowledge areas. Now memorize the PM process map on P61 of your new PMBOK Let's review: the above steps should take you no more than 4 days even if you have only 2 hours each day. For some people it's possible to finish the materials during a weekend cram or study non-stop for a whole day (no more than 8 x 2 = 16 hours) Step 7: Now start mock exams. At the end of this book it provides Internet links to at least 4 online mock exams. Review the PM process map every time before you do the mock exam. How many exams you want to do is totally up to you. Always spend at least one hour to review each mock exam against new PMBOK. Step 8: Take a break (maybe one day or sleep one hour if you haven't done so for the past 24 hours) before the exam if necessary. Then you are ready!"

PMP Exam Prep Rita Mulcahy 2013

PMP Project Management Professional Practice Tests Kim Heldman 2018-04-19 Master all five PMP domains and boost your confidence for exam day PMP: Project Management Professional Practice Tests provides candidates with an ideal study aid for PMP exam preparation. Fully aligned with the A Guide to the Project Management Body of Knowledge (PMBOK® Guide), 6th edition, this book provides practice questions covering all five performance domains. Five unique 160- question chapter tests, as well as one practice exam cover Initiating; Planning; Executing; Monitoring and Controlling; and Closing to help you pinpoint weak areas while there is still time to review. An additional 200-question practice test provides a bonus exam--1000 questions in all--, and a year of FREE access to the Sybex interactive online learning environment puts a test bank, practice questions, and more at your disposal. The PMP exam is a challenging four-hour, 200-question validation of your project management knowledge. Mimicking exam conditions is one of the best ways to prepare, and this book is designed to test your knowledge, focus, and mental endurance to get you fully prepared for the big day. Test your project management knowledge with 1,000 challenging questions Prepare using up-to-date material that accurately reflect the current exam Access digital study tools including electronic flashcards and additional practice questions In today's IT marketplace, qualified project managers are heavily in demand as employers increasingly require those who are capable of managing larger and more complex projects. The PMP certification shows that you know, understand, and can practice PMBOK guidelines to a rigorous level, and is considered the

premier project management qualification out there—so when exam day arrives, complete preparation becomes critical to your success. PMP: Project Management Professional Practice Tests help you gauge your progress, preview exam day, and focus your study time so you can conquer the exam with confidence. To register for access to the online test banks included with the purchase of this book, please visit: www.wiley.com/go/sybextestprep.

The PMP Exam Andy Crowe 2010-11-01 An all-inclusive, self-study guide for the PMI's Project Management Professional (PMP) certification exam, this kit provides all the information project managers need to thoroughly prepare for the test. It contains the book *The PMP Exam: How to Pass on Your First Try*; hundreds of flash cards to help with memorization of key points; a laminated quick reference guide; a six-month online subscription to the PMP course in InSite (the top PMP e-learning site); and five audio CDs featuring experts Andy Crowe, Bill Yates, and Louis Alderman discussing the main points and concepts for the exam. The included learning materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence.

PMP® in Depth Paul Sanghera 2018-09-28 Use this study guide to prepare for the Project Management Professional (PMP) exam administered by the Project Management Institute (PMI). The revised third edition of the best-selling *PMP in Depth*, updated to the sixth edition of PMBOK, has a laser-sharp focus on the exam objectives for project managers and others who want to pass the PMP exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the PMP exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most PMP exam books, *PMP in Depth* covers the material in the order in which projects are actually run in the real world. The book is an easy-to-understand guide that is valuable both before and after the exam. **What You'll Learn** Understand the body of knowledge required to earn the Project Management Professional (PMP) certification **Acquire** the knowledge needed to enter the field of project management and successfully manage projects in any field **Who This Book Is For** Project management practitioners preparing for the PMP exam, entry-level project managers and project team members preparing for the PMP exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, and instructors and trainers who want a textbook for the PMP exam or a course on project management

CAPM in Depth Paul Sanghera 2019 Use this study guide to prepare for the Certified Associate in Project Management (CAPM) exam, based on PMBOK's sixth edition, administered by the Project Management Institute (PMI). The revised and updated second edition of the best-selling *CAPM in Depth* has a laser-sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most CAPM exam books, this book is not just an exam-cram book. It is an easy-to-understand guide that is a valuable reference both before and after the exam. **What You'll Learn:** Understand the body of knowledge required to earn the Certified Associate in Project Management (CAPM) certification ; **Acquire** the knowledge needed to successfully manage projects in any field. **Who This Book Is For:** Project management practitioners preparing for the CAPM exam, entry-level project managers and project team members preparing for the CAPM exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, instructors and trainers who need a textbook for a course on project management.

PMI-ACP Exam Prep Mike Griffiths 2012

Becoming a PMP® Certified Professional J. Ashley Hunt 2021-02-26 Pass the PMP 2021 exam with confidence with the help of practical and up-to-date coverage of project management practices from the 6th edition of the PMBOK® Guide **Key Features** Written by J. Ashley Hunt, an experienced PMP® trainer with over 20 years of project management experience **Learn** with the help of PMP® practice tests, exam tips, and best practices from the PMBOK® Guide **Effectively** plan core project work aspects such as scope, cost, quality, procurement, and communication **Book Description** One of the five most prestigious certifications in the world, the PMP® exam is said to be the most difficult non-technical certification exam. With this exam guide, you'll be able to address the challenges in learning advanced project management concepts. This PMP study guide covers all of the 10 project management knowledge areas, 5 process groups, 49 processes, and aspects of the Agile Practice Guide that you need to tailor your projects. With this book, you will understand the best practices found in the sixth edition of the PMBOK® Guide and the newly updated exam content outline. Throughout the book, you'll learn exam objectives in the form of a project for better understanding and effective implementation of real-world project management tasks, helping you to not only prepare for the exam but also implement project management best practices. Finally, you'll get to grips with the entire application and testing processes in PMP® and discover numerous tips and techniques for passing the exam on your first attempt. By the end of this PMP® exam prep book, you'll have a solid understanding of everything you need to pass the PMP® certification exam, and be able to use this handy, on-the-job desktop reference guide to overcome challenges in project management. **What you will learn** Understand how to fill out the exam application and what to expect on the day of the exam **Get** a comprehensive overview of project management processes, knowledge areas, and project execution **Explore** project and organization structures and other factors influencing projects **Manage** risk, scheduling, and cost using expert tips and insights **Acquire** and manage resources and communication in project work **Monitor** and control projects from planning to execution **Discover** professional responsibility, study tips, and what's in store for certified project management professionals **Who this book is for** If you are an experienced project manager looking for a common language and best practices in the project management space and want to achieve the PMP certification to accelerate your career growth, this book is for you. A minimum of 3 to 7 years of experience in leading and directing projects for a variety of industries will be useful.

Head First PMP Jennifer Greene 2009-07-22 Prepare for the PMP certification exam in a unique and inspiring way with Head First PMP. The second edition of this book provides 100% coverage of the latest principles and certification objectives offered in The PMBOK Guide, 4th edition, with a visually rich format is designed for the way your brain works. You'll find a full-length sample exam included inside the book. Using the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. You get a thorough and effective preparation guide with hundreds of practice questions and exam strategies, along with puzzles, games, problems, and exercises that make learning easy and entertaining. More than just passing a test, a PMP certification means that you have the knowledge to solve most common project problems, but studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.
