Mother Hunger Kelly McDaniel 2021-07-20 An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar? Trauma counselor Kelly McDaniel has seen these traits over and over in clients who feel trapped in cycles of harmful behaviors-and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With Mother Hunger, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy

relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify Mother Hunger, which demystifies the search for love and provides the compass that each woman needs to end the struggle with achy, lonely emptiness, and come home to herself.

The Earth Sings in C Maurizio Agostini 2020-11-13 The Italian scientist Guglielmo Marconi was the real inventor of wireless communication, which includes, for example, radio, cellphones and even the new self-driving cars. The main characters of Maurizio Agostini's books are two 'accidental detectives': Marcello, an accountant without any notable qualities, and Francesca, a very feminine transgender person. They meet Eleonora, a distant descendant of the great Guglielmo, while she is investigating the last invention of Marconi: the Death Ray, a secret weapon that destroys weapons. Mussolini was convinced till his end that, if Marconi hadn't died, the war would have ended very differently. During their investigations, our protagonists encounter international intrigues, scientific mysteries, unbelievable accidents with 'zero probability' and discover the true Marconi, who was very different from his official image. And... they also remain involved in an intriguing 'menage a trois'. In the end, they succeed in discovering the 'musical secret' of the Death Ray, at present hidden in the most impenetrable archive in the world.
